@AlexGhiurau

I am a networking & telecommunications graduate with working experience in the private sector.

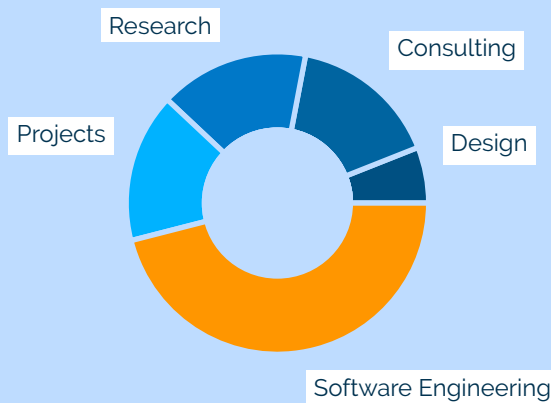

as latest degree from
Oradea

And I am always looking for new exciting and interdisciplinary projects worldwide.

SKILLS AND TECHNOLOGIES

The biggest part I contribute to my work is in the area of Software Engineering.

LANGUAGES

Romanian (native)

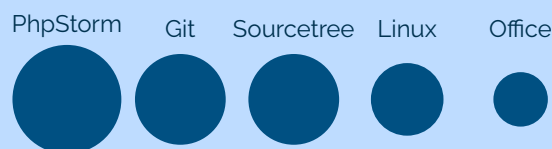

English (c1)

Currently, I develop apps with ReactNative. Formerly I worked with ExtJS.

I regularly use React, Git and PhpStorm for my dev projects.

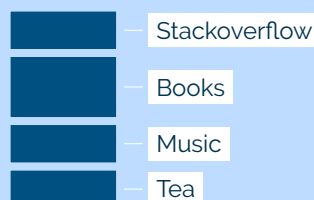

ACTIVITIES

of actively biking in
Mountains

In my freetime I read books and help others however I can. Via biking & music I keep my body and mind in balance.
